Union Against the Boston Club.

Pittsburg, Pa., Feb. 28.—The New Cas-
tle Baseball Club has filed a claim against
the Boston Association for \$500, alleging
that during the season of 1897 the Boston
Club leased Charles Hickman as a pitcher
for \$1,500, paid \$1,000 and refused to pay
the remainder. Hickman was kept by the
Boston Club for the season of 1898, and
he has been retained for the season of
1899.

Dangers of the Grip.

The greatest danger from La Grippe is of its
resulting in pneumonia. If reasonable care
is used, however, and Chamberlain's Cough Remedy
taken, all danger will be avoided. Among the
tens of thousands who have used this remedy for
the grippe we have yet to learn of a single case
having resulted in pneumonia which shows con-
clusively that this remedy is a certain preventive
of that dangerous disease. It will cure the grippe
in less time than any other treatment. It is pleas-
ant and safe to take. For sale by Henry Evans,

Hahn & Co.'s
3 Busy Stores.And they are beautiful! Our manufactur-
ers certainly have excelled themselves this
season. The new spring shoes we have re-
ceived so far and which are now on sale
are truly works of art in style, while the
qualities are superior to anything that has
ever been sold for the price.Enormously large purchases make it possible for us to furnish so
much shoe value at so small a price. Here are only two of many specimen
values:\$3 Ladies' Patent Leather
Boots.Patent Leather will be used very
largely this season for ladies' dress
boots. They are more practical than
any other kind of boots, be-
cause they are easily kept bright,
they do not absorb the dust from
ladies' skirts as kid or other leath-
ers do.Our \$3 Boots are made of Italy's
famous imported patent calf, which
is softer and more pliable than the
best of the world. We have them in 5 beau-
tiful new shapes, in both hand-sewed
turn or welt soles, laced and but-
ton. We are confident they cannot
be duplicated by any other local
house under \$5.\$3 Men's Handmade
Shoes.We shall lay ourselves out—no to
speak—on the lines of hand-sewed
shoes for men. For durability, per-
fect fit and shapeliness in shoes
it is useless for any man to pay
more than \$3. Our \$3 shoes made of
far better leather than any other
advertised \$3.50 shoes, and they are
of fully as good workmanship.While our new spring lines are
by no means complete—we have
quite a fair assortment already of all
the popular shapes in Calif. Patent
Leather and Tan Chrome Calf and

days longer at our

THREE RELIABLE SHOE HOUSES.

TO CONDEMN THE
ALGER SWEATSHOPSNew York Health Board to
Order Them Vacated.More Than a Dozen Filthy Places
Found.Hovels Where Half-Starved Women
and Children Make Army
Uniforms.New York, Feb. 28.—The "World" today
prints the following:More than a dozen vile, filthy sweat-
shops where half-starved men, women,
and children are employed have been re-
ported to the health commissioners by the
inspectors as places unfit for human habi-
tation.

In all of them soldier uniforms have

been or are being made, but the work
must now cease, for the health commis-
sioners will condemn these disease-ridden
places and order that they be vacated. In
some cases the owners may be fined \$500.Chief Sanitary Inspector Peeney said
yesterday that his inspectors had discov-
ered four sweatshops which were a men-
ace to public health and life, and that he
had recommended to the health commis-
sioners the immediate condemnation of
the places.I cannot give the names of the own-
ers and the location of the tenements,"
he said, "for the reason that it will inter-
fere with the ends of justice. But fearful
sanitary conditions in the sweatshops
have been found by my men and they will
be stamped out. The sooner this is done
the better for the welfare of the public."

To Investigate Every Shop.

So fearful are the conditions in some of
the East Side sweatshops that a house-to-
house canvass has been ordered by the
board of health, and not one tenement
where clothes and other articles are man-
ufactured on the East Side will escape in-
vestigation.State Factory Inspector O'Leary yester-
day came out with a long interview de-
claring that was not already known to
him. In his annual report to the govern-
ment, Mr. O'Leary said, he had secured
four convictions and \$50 in fines for vio-
lations of the sweatshop laws. TheTwo of the worst places found were in
Pitt and Delancey Streets.A visit was also made to the sweatshops in
Brooklyn. In the twenty-sixth ward of
Brooklyn. There it was found that soldier
clothing was being made under conditions
even worse than in New York. It was
found that the sweatshops were given out to poor
women, who took it to their homes, where,
amid the squalor and filth of foul ten-
ements, they put the garments together.Herman Holzman, business agent for the
Tailors' Union and organizer of the B. O. in-
ter-union of Tailors, has conferred with some
of the manufacturers who sub-let the Govern-
ment contracts to the sweatshop bosses,
and these manufacturers say that they
mean to let contracts to bosses in the fu-
ture only when it is stipulated that all
work shall be done on the premises.This plan was adopted by all the manu-
facturers in all contracts, members of the
Federated Labor Union believe that much
protection would be given to the health
of the people.

More Stringent Law Needed.

The labor unions endorse the anti-sweat-
shop bill and will use every influence to
have the bill pass the legislature. The
labor unions not only favor the plan to
have all clothes made up in sweatshops
so branded, but they want the law gov-
erning the employment of children made
more stringent and drastic measures em-
ployed to enforce it.The Society for the Prevention of Cru-
elty to children has become interested in
the treatment of children in sweatshops,
and yesterday Superintendent Jenkins, of
the society, declared that all cases of cru-
elty to children in sweatshops would be
pushed with vigor.For the purpose of aiding the proposed
Congressional investigation, and to push
the anti-sweatshop bill in the legislature,
the labor union men have secured evidence
from more than twenty-sweatshop toil-
ers who worked on the Government clothes,
and achieved special distinction in their
work, and they are now working on the
surroundings, and that little children
worked on them day and night.

A MINUTE'S SOCIAL CHAT.

Yesterday afternoon Mrs. McKinley
gave a sitting for her portrait in mini-
ature, the artist being Miss Gwendolyn
Dunlevy Kelley, of Columbus, Ohio. The
gifted young painter, though only twenty-
one years old, has an international rep-
utation and achieved special distinction not
long ago by painting the miniature of
Queen Margherita of Italy, for which her
Royal Highness sat in person. Her Majes-
ty was so pleased with the exquisite work
of the young American that she bestowed
upon her a decoration of honor and her
photograph. Miss Kelley is the daughter
of Alfred Kelley, a prominent resident of
Ohio and a personal friend of the Presi-
dent's family. She comes of Revolutionary
stock and is both a Daughter and Col-
onia Dame. She possesses a valuable col-
lection of miniatures, which were exhib-
ited at the Omaha Exposition and some of
her work has been accepted by the Paris
Salon.Mrs. McKinley intends her portrait as a
gift for the President.The President and Mrs. McKinley have a
household maid, living friend to dine
with them on Sunday evenings. The table,
laid in the dining room, instead of the
corridor, as on state occasions, is not too
large to be homelike, and the decorations are
nearly always in Mrs. McKinley's favorite
floral color—pink.Such a dinner was given Sunday night.
The guests were the Vice President and
Mrs. Hobart, Secretary Alger and Mrs. Al-
ger, Secretary Hitchcock, General Corbin
and Miss Corbin, and Mr. and Mrs. Morse,
of New York.The Secretary of the Treasury and Mrs.
Gage entertained at dinner last night, when
their guests were the Swiss Minister and
Mrs. Ploda, Senator and Mrs. Fairbanks,
Senator and Mrs. Hanna, Senator and Mrs.
McMillan, Mr. and Mrs. Henry May, Mrs.
D. P. Morgan, and Mrs. Glover. The floral
